

PRESS RELEASE

Coffee roaster relies on multiservice provider

Klüh takes over the catering for Tchibo at the Hamburg location

Düsseldorf, 29 August 2017 – with more than 12,000 employees worldwide, and sales of well over three billion Euros, Tchibo is one of the world's biggest coffee providers. At the roasting plant in Hamburg, Klüh Catering is now in charge of the catering for about 300 employees.

Alongside lunch and conference services, the Düsseldorf-based family-run company also provides snacks and small meals as well as catering support at special events. The focus of the catering provision is on versatility and variety – thus the employees can choose daily from three menu lines: the "regional classics", "trendy & co." and the innovative food line "I LOVE GREEN", as the vegetarian-vegan alternative. As snacks in between, salads to-go, muesli variations, fresh fruit and a selection of sandwiches are offered.

Klüh especially convinced the customer with a balanced and creative catering concept based on regional and sustainable fresh cooking which also offers the Klüh Catering app as a modern supplement in line with the times. "We are passionate hosts, so I am delighted about the partnership with a company that puts just as much emphasis on flavour as we do", says Klüh Catering's Managing Director Thorsten Greth.

About Klüh:

Klüh Service Management GmbH is a global multi-service provider. Founded in 1911, the company has decades of experience in the area of infrastructural services and offers service packages with a high level of vertical integration. Alongside cleaning, its fields of activity cover hospital services, catering, building management, security and personnel services and airport services. With 49,000 employees across eight nations, the company achieves sales of around 770 million Euros (2016).
