

## PRESS RELEASE

Together against leukaemia

### **Klüh staff have themselves tissue typed at the Düsseldorf location**

Düsseldorf, 25 October 2017 – Every 16 minutes, someone in Germany is diagnosed with blood cancer; many can only be helped by stem cell donation. The Düsseldorf-based family business Klüh Service Management GmbH has already carried out a first company typing scheme for the employees of the Frankfurt region and thus registered a number of potential donors in the DKMS donor file.

A further location of the multiservice provider is now joining the mutual fight against blood cancer. At the head office in Düsseldorf, the company's North Rhine-Westphalian staff have now had themselves typed. The cost of the registration measure is borne by Klüh and, as additional support, raised by a donation of 3,000 Euro.

"Together, we can achieve a lot – we want to underline this principle of the DKMS with our company typing scheme", says Reiner Worbs, Klüh's Holding-Manager. "As a family business, we take social responsibility seriously, and wish to thank all our colleagues who support us in this through their personal commitment."

In the coming year, further locations of the Klüh Group such as Berlin and Munich will be added, so as to increase the chances of finding a suitable donor through company typing.

#### *About Klüh:*

*Klüh Service Management GmbH is a global multi-service provider. Founded in 1911, the company has decades of experience in the area of infrastructural services and offers service packages with a high level of vertical integration. Alongside cleaning, its fields of activity cover hospital services, catering, building management, security and personnel services and airport services. With 49,000 employees across eight nations, the company achieves sales of around 770 million Euros (2016).*
