

PRESS RELEASE

Increased area coverage for more customer proximity

Multi-service provider Klüh opens further branches in North Rhine-Westphalia

Düsseldorf, 17. January 2018 – The Düsseldorf-based family business Klüh Service Management is raising its presence with two new branches in North Rhine-Westphalia. At the beginning of the year, the catering division established its operational presence with a new location in the cathedral city of Cologne, thus taking account of the above-average growth in the southern Rhineland. With Ulrike Mooslehner, Klüh Catering GmbH has been able to gain a branch manager with extensive expertise in the field of system catering, who will now be applying her talents to the development of the new location.

With the new Cologne-North branch, Klüh Cleaning GmbH is moving closer to its customers south of Düsseldorf. The previous branch in the million-strong metropolis is to be kept and increasingly serve customers in the south of Cologne, as far as Koblenz.

So as to guarantee optimum implementation of the professional service concepts, the international multiservice provider for infrastructural services is focusing on high area coverage and strategic proximity to the customer. Holding Managing Director Reiner Worbs: "The further expansion in the Rhine metropolis is an important step for us. The increased regional presence with now 32 branches nationwide enables us to act even faster and respond with great flexibility and precision to the wishes and requirements of our customers."
