

## PRESS RELEASE

### **New contract for Klüh Security**

### **Klüh's security division becomes new security partner of Krauss-Maffei Wegmann**

Düsseldorf, 01.02.2022 - Krauss-Maffei Wegmann (KMW) has commissioned the security division of Klüh Service Management to provide comprehensive security services at its two German production sites in Munich and Kassel. KMW is the market leader in Europe for highly protected wheeled and tracked vehicles and has extensive system capabilities in the fields of civil and military simulation. Thanks to an innovative concept and an appropriate price-performance ratio, Klüh Security has now been awarded a three-year contract from January 2022 in the course of a new tender.

The Klüh Security team will be responsible for both guarding and courier services at KMW, as well as other comprehensive security services such as manning the reception and alarm centre and patrol and intervention duties. The expectations for the provision of security are particularly high in both facilities. The Klüh Security employees meet these demands by means of round-the-clock deployment times and appropriate professional training.

Axel Hartmann, Managing Director of Klüh Security: "We are delighted with the order and regard it as a sign of Krauss-Maffei Wegmann's high aspiration and a vote of confidence in the excellent standards with which we position ourselves on the market as a quality provider of security services."

Klüh Security's customer base consists primarily of numerous institutions and organisations from critical infrastructures. In addition, the company provides qualified security personnel at a large number of conventionally guarded military facilities. The strict requirements that Klüh Security places on its employees meet the highest security standards required in this field.
