### Strategic realignment

### Klüh Security expands Management to form a top trio

Düsseldorf, 17.01.2023 – Klüh Security, a subsidiary of the Klüh Group, has restructured its management team in January. In the scope of the strategic repositioning initiated last year, **Dr. Marc Bieling** (48) and **Sven Horstmann** (47) now support the Security Division of the multi-service provider as new Managing Directors alongside the long-standing Managing Director **Axel Hartmann** (58). Starting immediately, Dr. Marc Bieling is in charge of sales management, while Sven Horstmann and Axel Hartmann are responsible for the operational business.

“Our Security Division has grown strongly over the past few years. With a view to the future, however, the challenges will also increase and change even faster, especially in the area of intelligent security technology as a custom-fit solution for our customers”, explains Frank Theobald, Chairman of Klüh’s Executive Board. “With Sven Horstmann and Dr Marc Bieling, we have gained two very experienced and distinguished security experts with whom we will continue to expand our position on the market. We welcome them to the Klüh family and wish them all the best and every success in carrying out their diverse tasks with their teams.”

Klüh Security’s customer base includes numerous companies as well as institutions and organisations from critical infrastructures (KRITIS). In addition, the company provides qualified security personnel at a large number of conventionally guarded military facilities. The strict requirements that Klüh Security places on its employees meet the highest security standards required in this field.
