

PRESS RELEASE

Cleaning at 13 locations

RWE subsidiary commissions Klüh Cleaning

Düsseldorf, 05.12.2023 – Technology International GmbH, part of the energy group RWE, now relies on the cleaning division of the multi-service provider Klüh for cleaning at 13 locations throughout Germany. The cleaning specialist was able to win through with a tailor-made concept, attractive pricing and the positive experience from many years of cooperation since 2009.

“We are delighted by the trust placed in us by RWE and also see this as recognition of our expertise as an innovative quality provider with a high standard of customer-specific cleaning concepts, which we develop in discussions and on-site visits”, says the Managing Director of Klüh Cleaning **Daniel Carnol**.

Under the contract, around 100 cleaning staff from Klüh Cleaning will perform a wide range of tasks such as maintenance cleaning, glass cleaning, disinfection and special cleaning. When it comes to quality assurance, the team works on site with the DigiClean® app-based management system developed by Klüh itself, which enables the structured recording, classification, storage and further processing of cleaning results. This means that more cleaning can be done where it is actually needed (cleaning-on-demand). What’s more, the time savings achieved can be invested elsewhere in hygiene measures and special services without additional costs.

The RWE Group is an internationally leading company in the area of renewable energies. The portfolio is based on offshore and onshore wind, solar, hydropower, hydrogen, storage, biomass and gas. Worldwide, RWE employs around 19,000 people at numerous locations in Europe, North America and the Asia-Pacific region.

About Klüh:

Klüh Cleaning is part of Klüh Service Management GmbH, an internationally active multiservice provider from Düsseldorf. Founded in 1911, the family-run company has decades of experience in the area of infrastructural services. The divisions Cleaning, Catering, Clinic Service, Security, Personnel Service, Airport Service and Integrated Services offer both individual services as well as multiservice concepts. With almost 58,000 employees in seven nations, the company achieves sales of around 923 million euros (2022). For further information see www.klueh.de.
